

GET THE CREDIT YOU DESERVE

DO YOU HAVE THE SKILLS
BUT NOT THE PAPER?

Victoria University is offering an outstanding opportunity for you/ your staff to gain a qualification for your skills, knowledge and experience via the skills recognition process.

The skills recognition process has been designed for those who currently hold or wish to hold higher level management positions.

Full or part recognition can be gained through the skills recognition process for the following qualifications:

- Diploma of Management
- Diploma of Retail Management
- Diploma of Business
- Diploma of Business Administration

WHAT IS SKILLS RECOGNITION?

It is an upfront assessment process which evaluates and recognises the skills and knowledge you have gained from:

- previous study
- work experience
- work based training
- life experiences

HOW DOES IT WORK?

Contact us to arrange a meeting to go over your CV. You will then need to gather evidence to show the skills, knowledge and experience you have. Upon submission of this evidence the RPL consultant will match this with the competencies of the relevant qualification and you will be given credit for the units in which you have demonstrated competency.

If you are unable to be given credits for all units, gap training is available.

AM I ELIGIBLE?

You should have relevant and sufficient experience and knowledge in the industry appropriate to the level of qualification you are seeking.

WHAT DOES IT COST?

If you meet the eligibility criteria, there is no cost for the RPL units. A cost will be incurred for gap training.
